

Last Chance to Smile!

and get a free, full colour photo directory

Our 2010 photo directory is an important project for our parish. If you have not participated already, we urge, advise, recommend, compel, implore you to join us.

Our next photo sittings will conclude this project:
Friday, February 26
Saturday, February 27

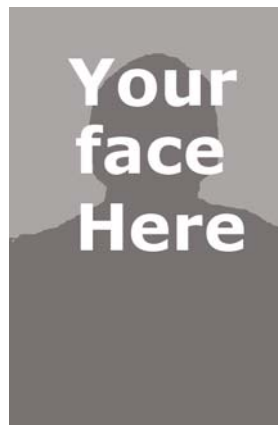

There is no charge for the sittings and you are not required to purchase photos.

Each family or individual who participates receives a free photo directory.

To participate, sign the list in the Gathering Area, call Melita in the office (545-4051) or Heather Deis (545-0592).

To date, 149 families or individuals had their photos taken during the previous sittings. Our goal is to have another 50 families or individuals photographed in the February sessions.

The directory is an important record of our parish family, to help us get to know names and faces, and strengthen the bond of our faith community.

Is our Church Photo Directory missing you?

Some of the reasons we've heard from people for not participating:

"I'm shy."

"I hate having my picture taken."

"I was already in other directories."

"I'll break the camera."

"I'm just not interested."

"The body does not consist of one member, but of many. . . " 1 Corinthians 12

to all who have participated. Once the photos are complete, we will submit our extra pages of photos of church activities and Fr. John's message. ICS Canada requires up to 6 weeks to process. They send us a proof copy. After we approve it, we can expect delivery up to 6 weeks later.

When the Directories are received, announcements will be made. Each family/individual who participated may pick up their free copy.
