Where did we ever get the idea that religious education is only for children? In this day and age Catholics need more than ever to be able to integrate intelligently their faith into their everyday lives.

This course has grown out of our experience of Alpha, after which many people said, "What next?" This program was developed to cover the areas of our Catholic faith not covered by Alpha (hence Catholicism 201). You do not need to have taken the Alpha program to come and benefit from this experience.

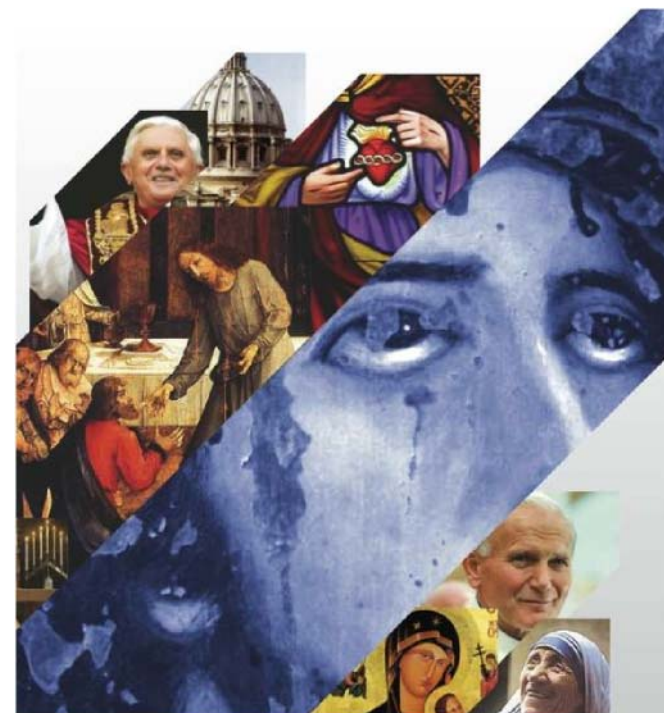

Catholicism 201 is also an excellent supplement for RCIA candidates and sponsors.

Come and feed your mind as well as your heart as we explore the riches of our Catholic faith.
